Overview

A surveillance system deploying 171 pcs of Milesight products is built up in Central Ayutthaya, a fully-integrated mixed-use development worth 6.2 billion baht. The excellent performance of Milesight products as well as the ease of implementation of Milesight system greatly meets the high standard requirements and satisfies the monitoring management.

Background

Developed by Central Pattana, the largest leading retail property developer in Thailand and Southeast Asia, Central Ayutthaya is a strategic gateway to the northern and northeastern regions of Thailand. It consists of shopping centers, hotels, residential buildings, tourist attractions and conference halls. Thus, the security is given to top priority to provide customers safe and joyful environment.

Challenge

As the covering area of Central Ayutthaya is very large, which occupies a total area of 75,200 square meters, it is necessary to monitor every corner clearly. Only if the whole property is under full protection, will the tourists and customers experience the great moment.

Solution

Based on the situation of Central Ayutthaya, a surveillance system with 164 pcs Milesight network cameras and 7 pcs of Milesight NVRs is build up, achieving the overall monitoring and central management.

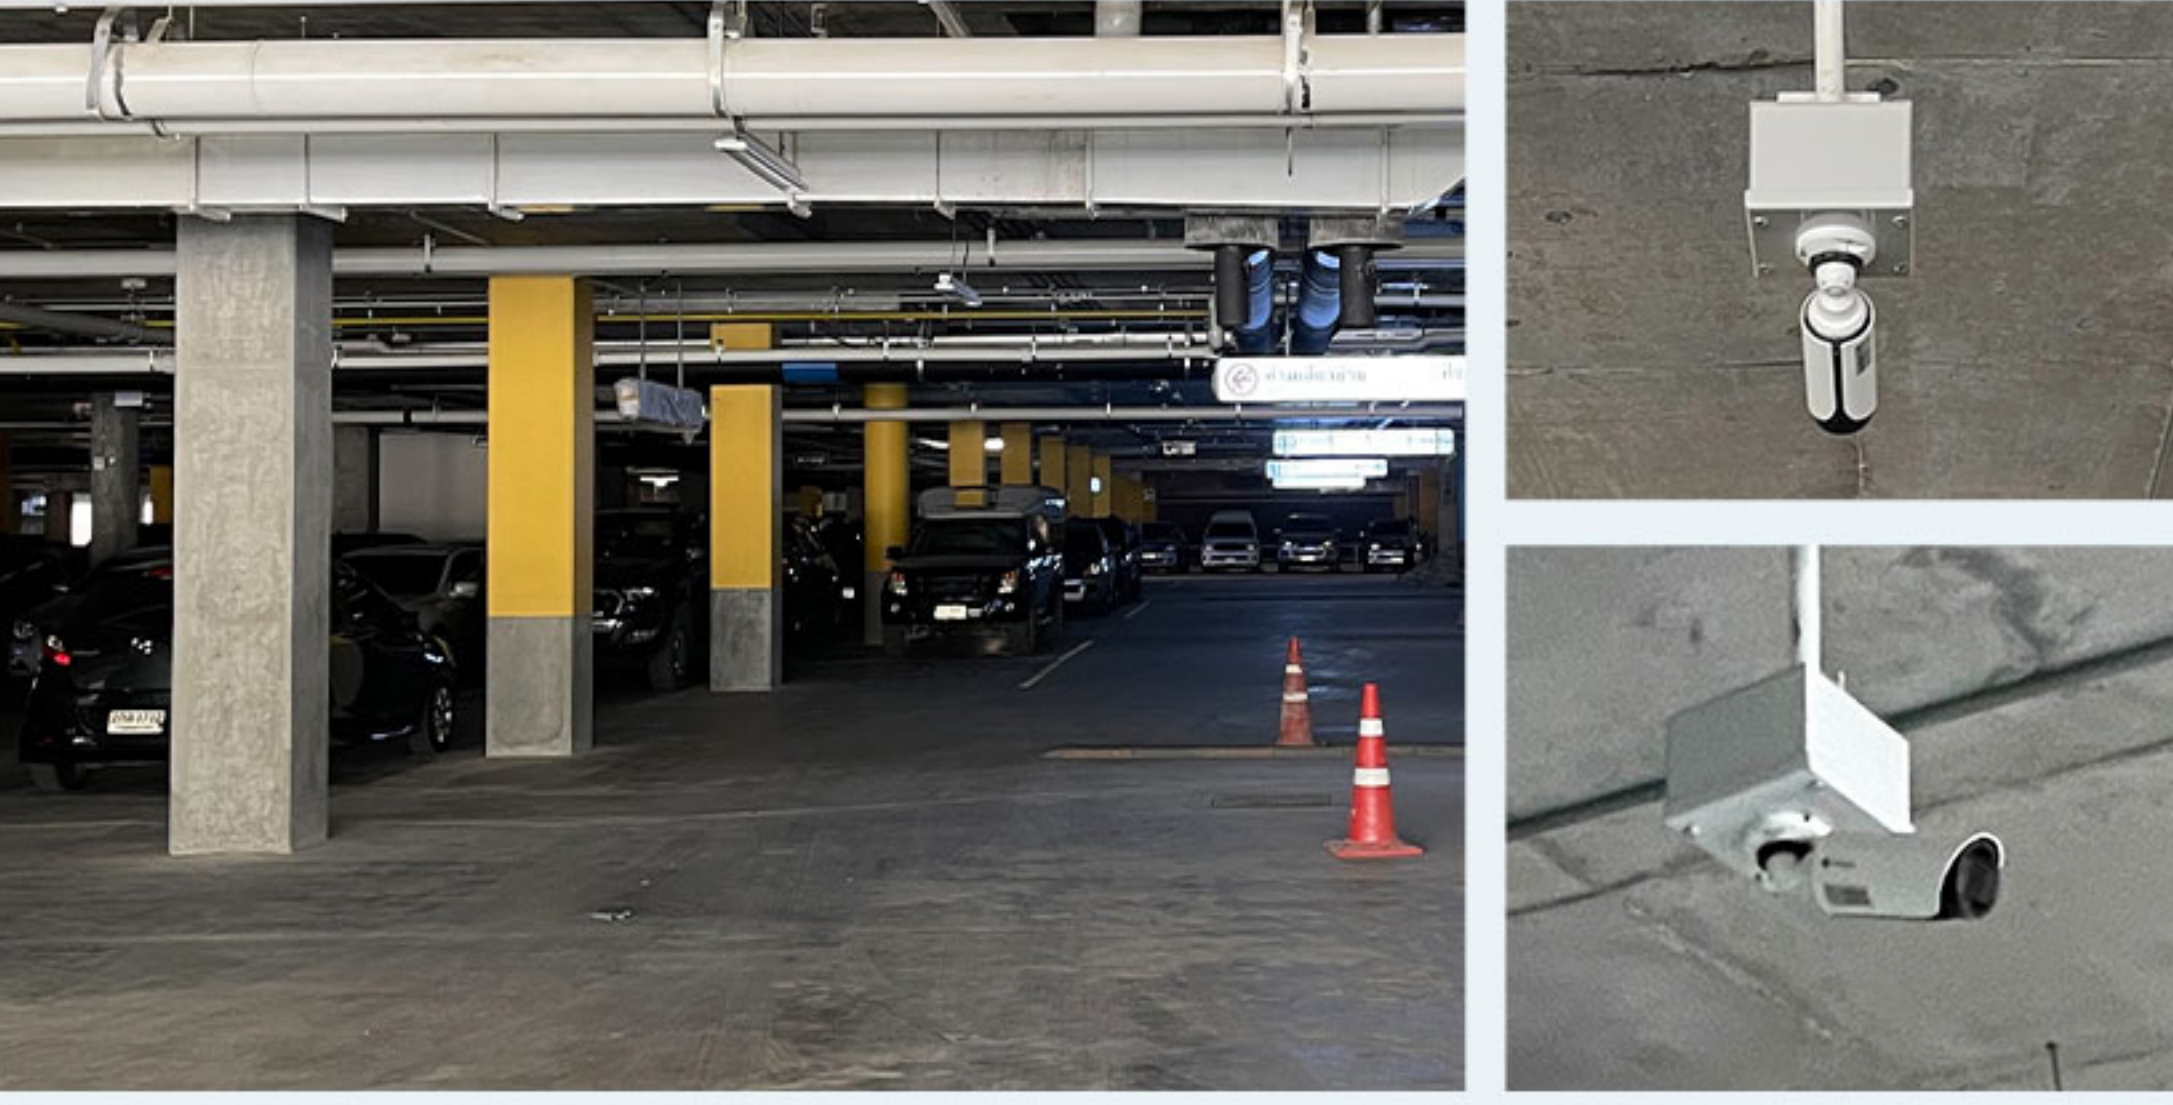

Advanced PTZ Functionality, No Boundary of Distance

Central Ayutthaya is covered a large area of 75,200 square meters and surrounded by busy traffic. Milesight Speed Dome Cameras are deployed outside, which not only offer wide area coverage, but also allow the security guards to monitor distant subjects while still delivering high quality video over the entire zoom range. What's more, Milesight PTZ Dome cameras are built up inside the Central Ayutthaya to secures every corner with flexible pan, tilt, and zoom task.

Superior Low-Light Performance, Ideal for Parking Lot Monitoring

Light environment would be a crucial factor when selecting appropriate devices in the parking lot. Featuring with 0.002Lux ultra low-light, Milesight starlight cameras deliver high detailed color images even in the low light environments, which makes them ideal for the parking lot monitoring.

Integrated Surveillance Solution, 24x7 All-round Protection

For central management and monitoring of all the cameras, 7 pcs of Milesight 4K Pro NVR 8000 Series are applied. Up to 80TB storage capacity and powerful decoding performance ensure consistent monitoring and recording. And 4K high resolution view clearly presents every detail.

Result

The excellent performance of the cameras and the integrated management allow Central Ayutthaya management staff to easily monitor and give timely response if there is any emergency. Now Milesight surveillance system firmly surveils Central Ayutthaya with overall and timely monitoring and secures the customers with a safe and sound experience.
